

Otahuna Horse Riding

Build a Bond Beyond Belief

This is a six week riding programme run once a week for 2 hours. The programme offers an excellent opportunity for young riders to develop horsemanship, confidence, riding skills, handling, and horse care while enjoying friendship and fun in an organised safe environment

This programme offers young riders, a comprehensive, safe, and rewarding learning experience with one horse they can adopt as their own. Participants learn to care for and gear up their own horse. They will learn how horses think, how to be safe around horses, how to build rapport, leadership and communication with their chosen horse. Indoor lessons with videos and teaching on horse husbandry is arranged in bad weather. We enroll four to six participants per group. These events are suitable for children, 5-15 years, of all levels from complete beginners to experienced riders.

A one day clinic including parents is offered following each 6 week programme.

Free digital photo service.

WHO - Abi Ricketts is our instructor. Abi is an accomplished natural horse woman who loves to teach this program. Abi's knowledge and enthusiasm is irresistible.
